# PRINCIPAL'S DESK

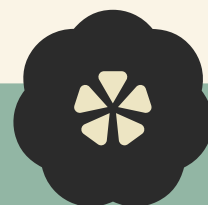

Dear students,

I am delighted to address you through the pages of our school e-magazine, Pegasus, and extend my heartfelt congratulations to all of you for your active participation in this wonderful endeavor. It is indeed a moment of pride and joy to witness your contributions to this publication.

Participating in the school magazine holds great significance, not only for the students involved but for the entire school community. Pegasus is a platform that showcases your creativity, intellect, and talents, aligning perfectly with our school's mission to create progressive thinkers and achievers. As you share your articles, poems, artwork, and more, you are not only expressing yourselves but also contributing to the cultivation of innovative and forward-thinking minds.

Our vision to nurture young minds to excel as human beings in all endeavors is intrinsically linked to the experiences and opportunities we provide through initiatives like Pegasus. It is through these creative outlets that we foster holistic development, encouraging you to excel not just academically but also as compassionate and well-rounded individuals. Our commitment to your growth as human beings is reflected in the diverse and insightful content within these pages.

In line with our core values- your involvement demonstrates your active engagement with the school community, and your consistent effort in crafting these pieces is a testament to your dedication and hard work. Moreover, your moral fiber shines through in the meaningful content you've created, reinforcing the ethical foundation upon which our school stands.

I also want to take a moment to encourage those students who may not have had the opportunity to participate in Pegasus this time. Remember that it's never too late to explore your creative side or to discover new talents. The pages of Pegasus are always open to fresh voices and perspectives.

I would like to express my sincere gratitude to our dedicated teachers who have played a pivotal role in guiding and nurturing our students throughout the process. Their unwavering support, encouragement, and mentorship have been instrumental in bringing out the best in our young contributors.

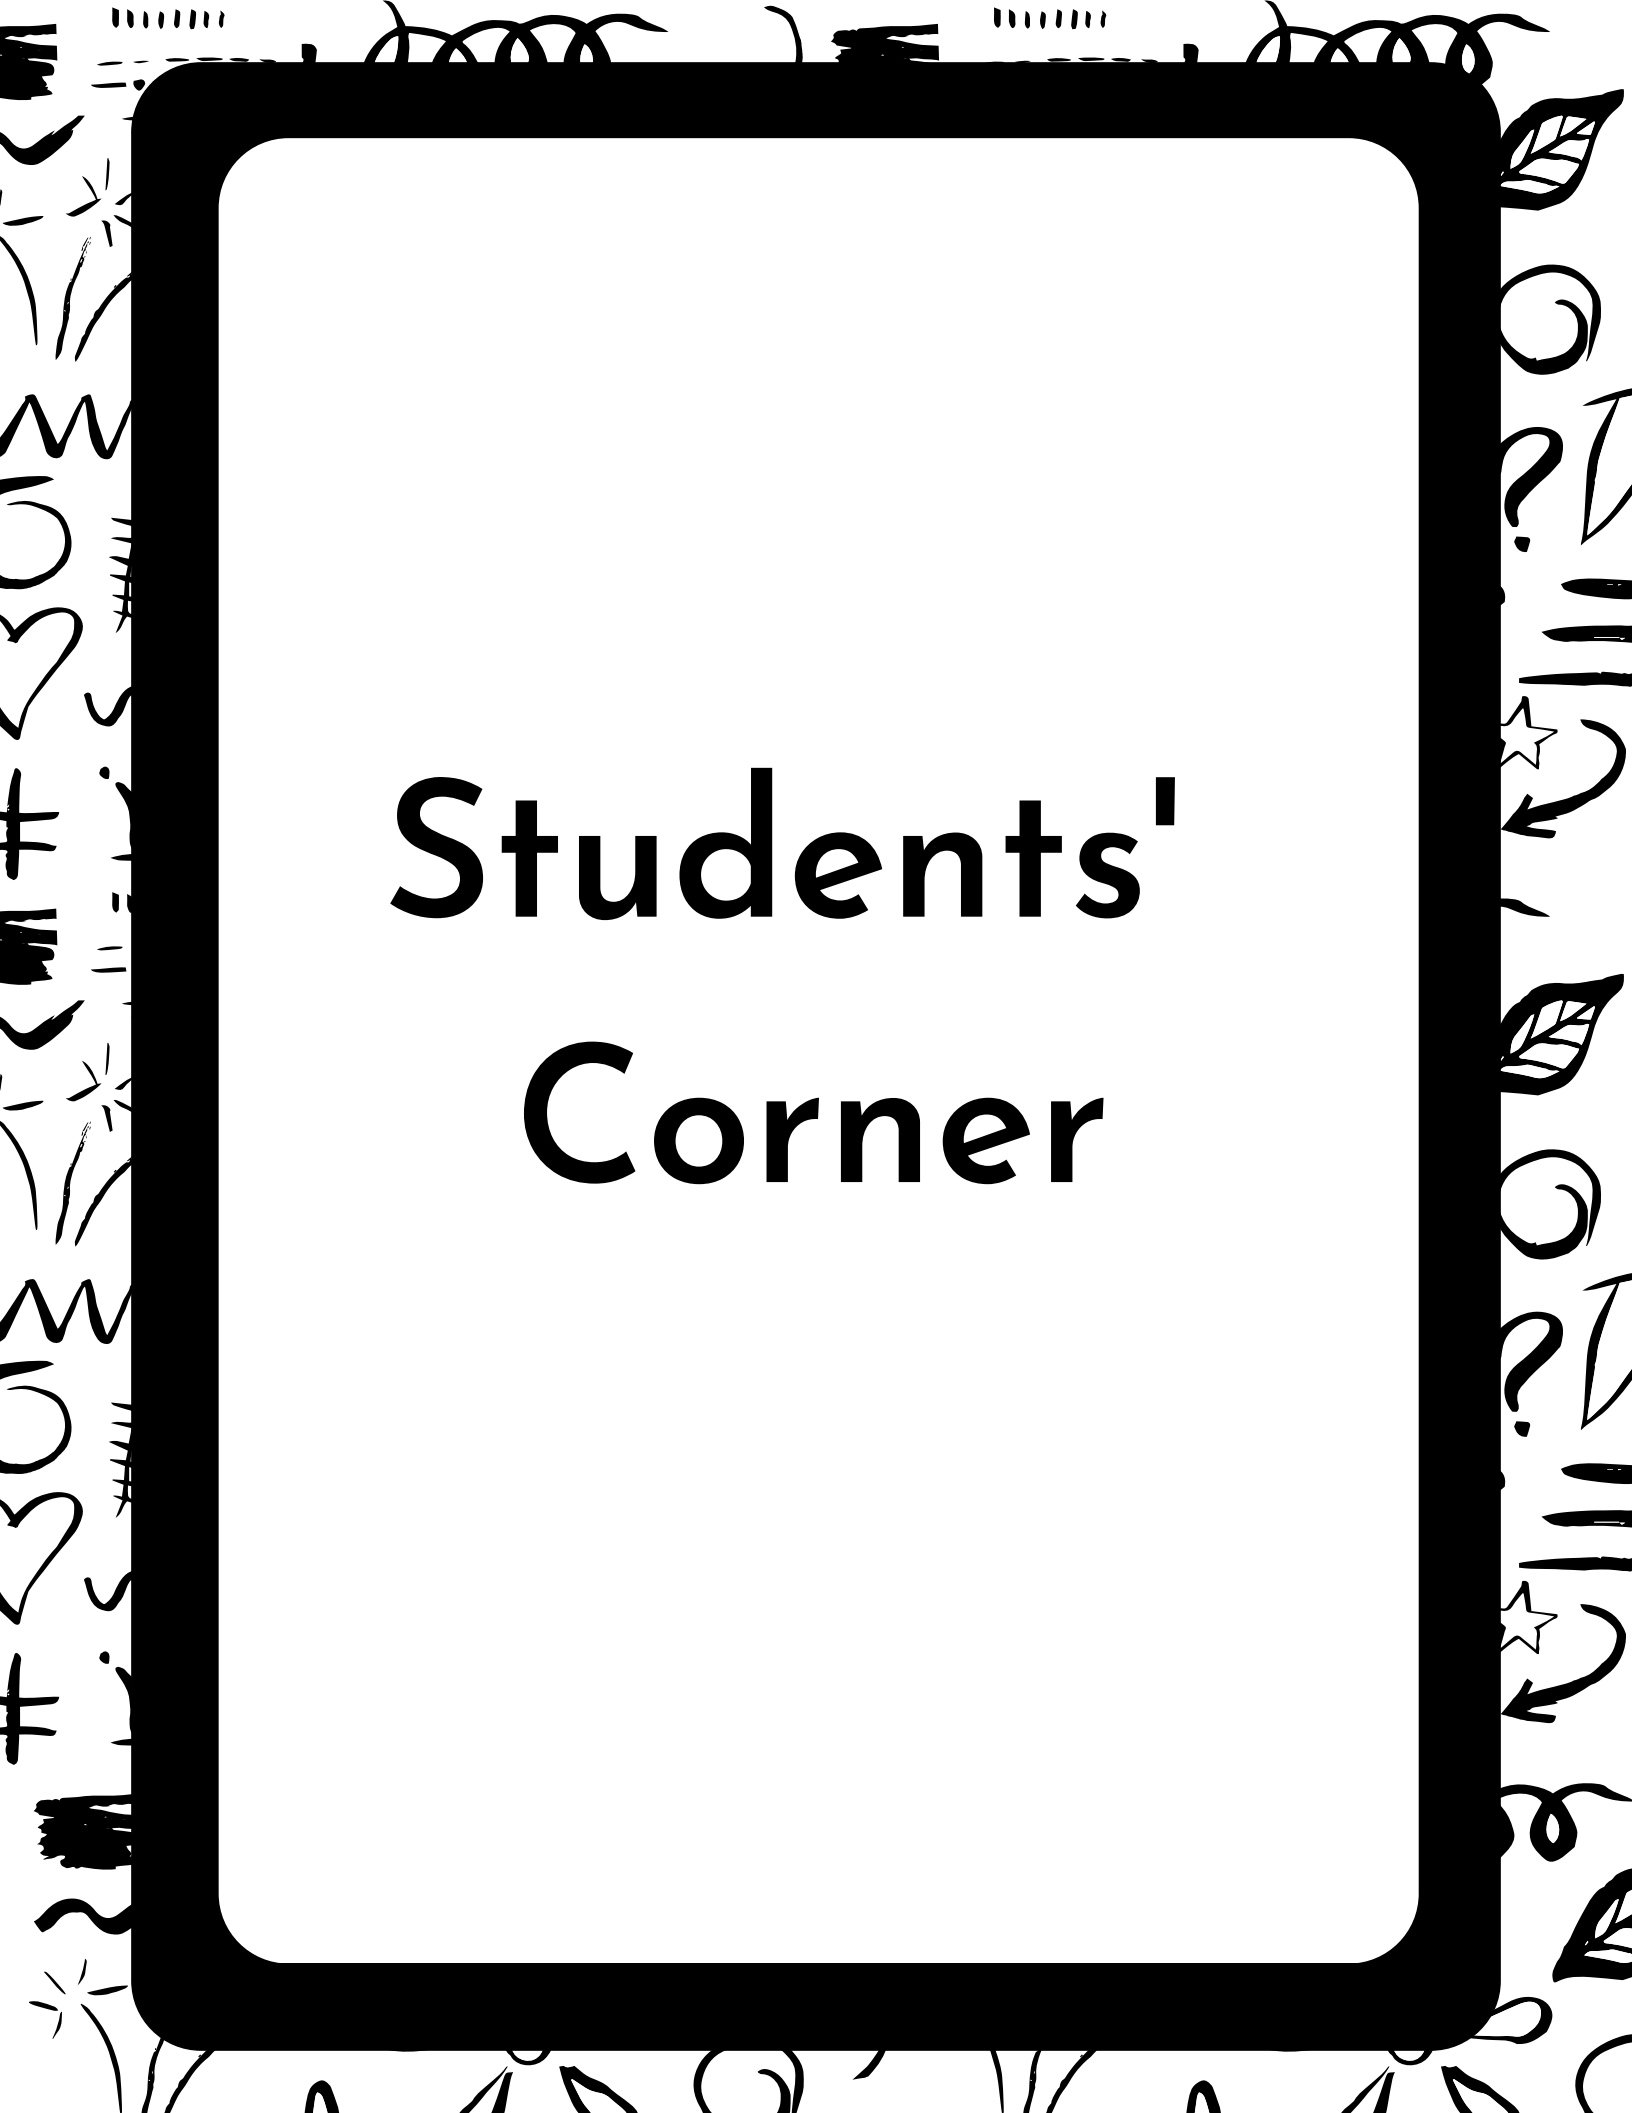

Additionally, I extend my heartfelt thanks to the parents who have consistently supported our school's endeavors. Your encouragement and involvement in your child's education are invaluable. Your pride in their achievements, both big and small, is a source of motivation for our students.

Once again, congratulations to all the students who have contributed to Pegasus, and I eagerly look forward to the inspiring content that you will continue to create in the future.

With warm regards,  
Soumyabrata Mukherjee

# Students' Corner

# Lisa's Teddy Bear

Once upon a time there was a girl. Her name was Lisa. She was a curious girl. She had a Teddy Bear. It was so cute. It was her favorite toy and she spent her whole day playing with it. One Sunday, Lisa was playing with her Teddy Bear when her mother called her. "Lisa, time to bathe," mother said. She went to take a bath immediately.

When she came back, her Teddy Bear was not there. She searched for it everywhere in her room. She became sad and called her mother for help. "Mom, where is my Teddy Bear?", Lisa asked her mother. Mother said she did not know. Lisa thought of calling her friends for help. Soon, her friends Mohan, Sarita and Roni came to her rescue. They looked for the bear in all the rooms.

Sarita found the Teddy Bear in the TV room and shouted with joy, "Hurray!! Lisa, I found your Teddy Bear." Then Lisa realized her mistake that she was searching for her Teddy Bear in the wrong place. They all were happy and started playing together with the Teddy Bear. Lisa realised her mistake and happily joined her friends to play.

**Moral: We should respect our items and keep them at their specific place after use.**

# Sisters

Once upon a time, in a faraway land, there lived two sisters- Malisa and Lavender.

Malisa was kind and she spread love wherever she went, she was loved by all. Lavender did not like Malisa and she was jealous of her sister. Lavender would spread wickedness and she tried to harm Malisa all the time.

Both the girls were being watched by a fairy since childhood. The fairy once appeared and asked each of the girls to ask for a wish. Malisa wished for the power of love, whereas Lavender wanted the power of wickedness. The fairy smiled and granted the girls their wish.

Malisa used her power to help people while Lavender used her power to cause harm to others.

One day, Lavender was about to hurt a dog when Malisa ran and saved the dog at the right time. She quickly rescued the dog and took him away from Lavender. Lavender was furious, she vowed to take revenge. Lavender soon set out to harm a little boy who was dear to Malisa, but Malisa saved the boy and this time Lavender was enraged.

Days passed and the tussle between Malisa and Lavender kept growing, the fairy thought to herself that it was time she took things in her hand. One day while Malisa went to bathe by the river, the fairy disguised as a bear and approached Malisa. Malisa began to scream in fear, Lavender was passing by and stopped hearing the call for help.

Lavender saw her sister yelp in fear, she jumped in front of the bear with a huge stick and drove it away. Malisa was surprised to see Lavender save her, she hugged her sister.

That day Lavender realized the power of love and promised to change herself and use her powers to help people.

Both the sisters lived happily ever after.

# A Boy Who Conquered

As India won the first cricket World Cup in 1983, a little boy dreamed of holding the trophy in his own hands. The name of the player was "Sachin Ramesh Tendulkar", one of the best batsmen of all time, who later came to be known as the 'God of Cricket'.

Appreciation like this did not come quickly. Sachin's success is a reflection of his hard work, dedication, and skills acquired through dedicated training and practice. He began playing at the age of 11 at a school tournament. As a child, he became famous through his partnership of 664 runs which made the bowlers collapse. Sachin started playing international cricket at the age of sixteen.

In his playing career, he had both good and bad innings, but the good outweighed the bad. Sachin's 21-year dream came true in 2011 when India won the World Cup one more time. Those moments were memorable for him. Each time he played there was only one name chanted by everyone in the stadium Sachin....Sachin....Sachin....Sachin .....He is undoubtedly a living legend.

# Aliens – Do They Exist?

Since the dawn of civilization, we humans have been captivated by the existence of beings beyond earth, in the vast, unexplored universe. The simple idea that there might be other beings, whether advanced or not, beyond our home planet is incredibly appealing. The only “but” is, do they exist?

Theoretically, there's no reason aliens don't exist. Our planet Earth is one of eight planets (sorry Pluto) orbiting one of three hundred million stars in one out of the 2000 billion galaxies in the currently known universe. But some people may argue that life requires certain elements to survive that only Earth has.

What they don't know is that while life on Earth certainly needs these elements, other life forms may not actually need them. One of Saturn's moons, Titan, has lower amounts of hydrogen near the surface, a potential cause being that life forms could consume it. If a planet's moon in our solar system might be capable of harbouring life, why can't one planet out of billions of other planets be habitable?

However, if life really exists, we are yet to find it. This is most likely due to the huge distance between Earth and the other planets. Having said that, there is theoretically no reason why life wouldn't be unique to our Earth.

# Never Be Ungrateful

It was noon on a very hot day in high summer. Two friends Jyoti and Monu were returning from their school which was about two kilometers away from their village.

Troubled by the hot sun, they looked for some shady trees. Soon they spotted one just on the way-side. They rushed towards it and sat on its roots where the shade was the thickest.

They unloaded their bags from their shoulders and leaned their backs against the tree-trunk. Then they began to talk to each other. Monu said to Jyoti "What tree is it? Do you know?"

"It is a simple tree- A useless tree indeed. Just look at its strong trunk, numerous branches and twigs and a thick umbrella of leaves. In spite of all this, it doesn't even bear a single fruit at all. Isn't it a pity indeed?" replied Jyoti.

"Never say that, Jyoti. Everything made by God has its own purpose and value. We cannot understand the secret of Nature. So we must never criticize God's creations." argued Monu.

But Jyoti held onto her point and said many bad things about the tree. The tree was listening to all the talk going on under it. It was grateful towards Monu but it felt quite sad for what Jyoti had said.

Unable to control its anger, the tree said to Jyoti "You ungrateful little girl. You took shelter when you were troubled by the hot sun, you felt relieved in my shade. Instead of thanking me, you are calling me useless. Get up and go away from here.

MORAL: Always learn to be grateful.

# Still Life

A still life is a work of art, which is most often a painting. In still-life, painting objects like flowers, fruit, or glasses are arranged in a particular artistic way and then painted. Most still-life are of inanimate objects man-made or natural. Still-life painting has been popular since the 17th century when Dutch painters like Adriaen Coorte raised it to fine art. However, still-life painting idea is old, examples can be found in antiquity. With still-life, the artist can focus more on composition and arrangement than with other forms of painting, such as landscape painting or portraiture.

## HISTORY

Still-life is a genre that spans art history. It is found everywhere from ancient Egyptian tombs decorated with paintings of objects from daily life to works of modern art where it provided opportunities to experiment with new techniques, forms and styles. The painting generally considered to be the first still-life is a work by the Italian painter Jacopo de'Barbari painted 1504.

- Still-life painting as an independent genre or specialty which first flourished in the Netherlands during the early 1600s.
- Still-life art has existed from the 17th century until the modern-day. However, in the 19th century, artists adopted photography as a new medium for still-life art, to express their concepts in a novel format and thus the still-life photo was born on 08-Aug-2021

## OBSERVATION

It is essential that we set up a space to sit and observe the items, this space should remain the same. We want to make sure that we are observing the scene from the same angle all the time. From where, we want to use our pencil to establish a basic horizon line.

## LIGHT SKETCHING AND SKETCHING

This is the most important part of a still-life drawing because we are drawing from life, which means we are more likely to make mistakes. This is also why we want to retain our viewpoint for drawing. We don't want to be shifting to different sides, rather we want to draw from a single place.

## THE FINAL STEP

As a general rule in pencil art, you should proceed from simple to complex shapes and details. Now you must refine the tones and add details, shades or texture while keeping in mind the values and the relative styles of the parts in the drawing. Depending on your choice you could continue with the same pencil or switch to different pencils. Finally, add some strokes of white chalk for the very brightest areas to finish the drawing.

**ANISHKA SONI**

**8 B**

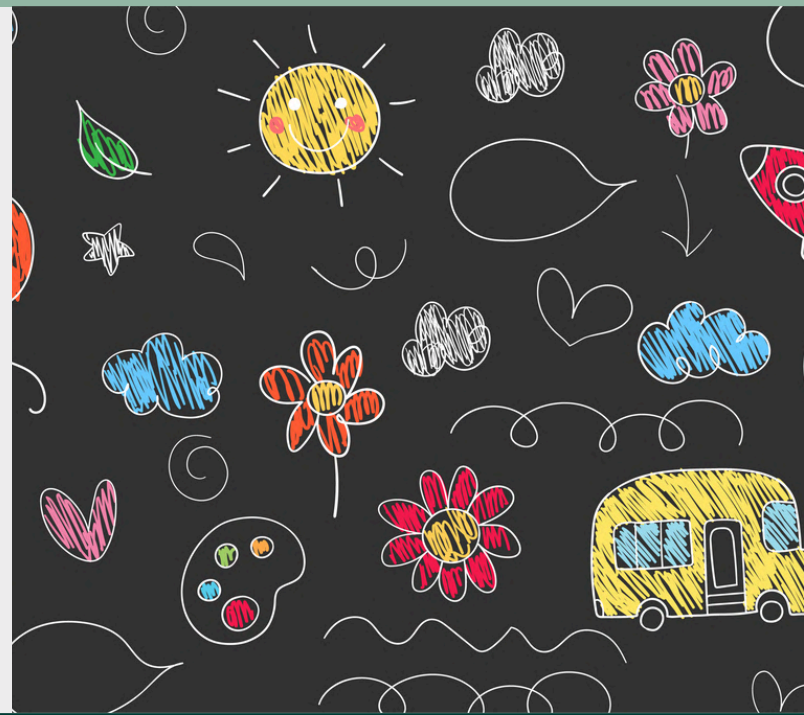

# DOODLE ART TIME

Doodle art is an art where a person lets ones heart out. It is referred to sketching, drawing, scribbling etc. Some are basic sketches that can be of abstract shapes. Doodle art is a form of drawing which is drawn without raising the hand. People often doodle when they are stressed or lonely.

There are four types of doodle art Zentangle, Zen doodle, Freeform and Zentangle-inspired. 5,00,000 years ago, our ancestors did not have paper, they did have cave walls, in this distant period is when some believe the first rough doodle-a zigzag line was created. A pig drawn nearly 50,000years back was the first animal doodle drawn.

Later in 1998 the concept of doodle was given a new life by the Google founders Larry and Sergey while making the logo for their company. The technique of doodle art involves too lightly trace the letter with a pencil, then draw a grid within the letter. Use the grid to create a pattern and use color and shading to highlight the letterform. To make it look more out -standing create a black and white background for it. Doodle art makes a person feel relieved and happy as one can let his feelings out.

# Calligraphy

ART KALAKRITI CLUB

"Calligraphy art" or "brush calligraphy," is a beautiful and expressive form of art that combines the artistic elements of traditional calligraphy with the visual aesthetics of painting. This technique involves using brushes, ink, and often coloured pigments to create visually stunning and expressive compositions of letters, characters, or words. Here is a step-by-step guide to calligraphy painting technique:

## Materials Needed:

**Calligraphy Brushes:** Invest in a set of quality calligraphy brushes with different tip sizes and shapes. Brushes made from animal hair, such as goat or weasel, are preferred for their flexibility and responsiveness.

**Ink:** Traditional calligraphy inks are typically black or dark-colored. However, you can also experiment with coloured inks or watercolours for a more artistic touch.

**Paper or Silk:** Choose a high-quality paper or silk surface to work on. The absorbency and texture of the paper can greatly influence the result.

**Ink Stone and Ink Stick (optional):** For traditionalists, using an ink stone and ink stick to grind and prepare the ink is a cherished part of the process.

## Technique:

**Prepare Your Workspace:** Set up a clean and organized workspace. Make sure you have all your materials within easy reach.

**Hold the Brush:** Hold the calligraphy brush in a relaxed and comfortable grip. The brush should be held vertically or at a slight angle, depending on the script style and the desired stroke.

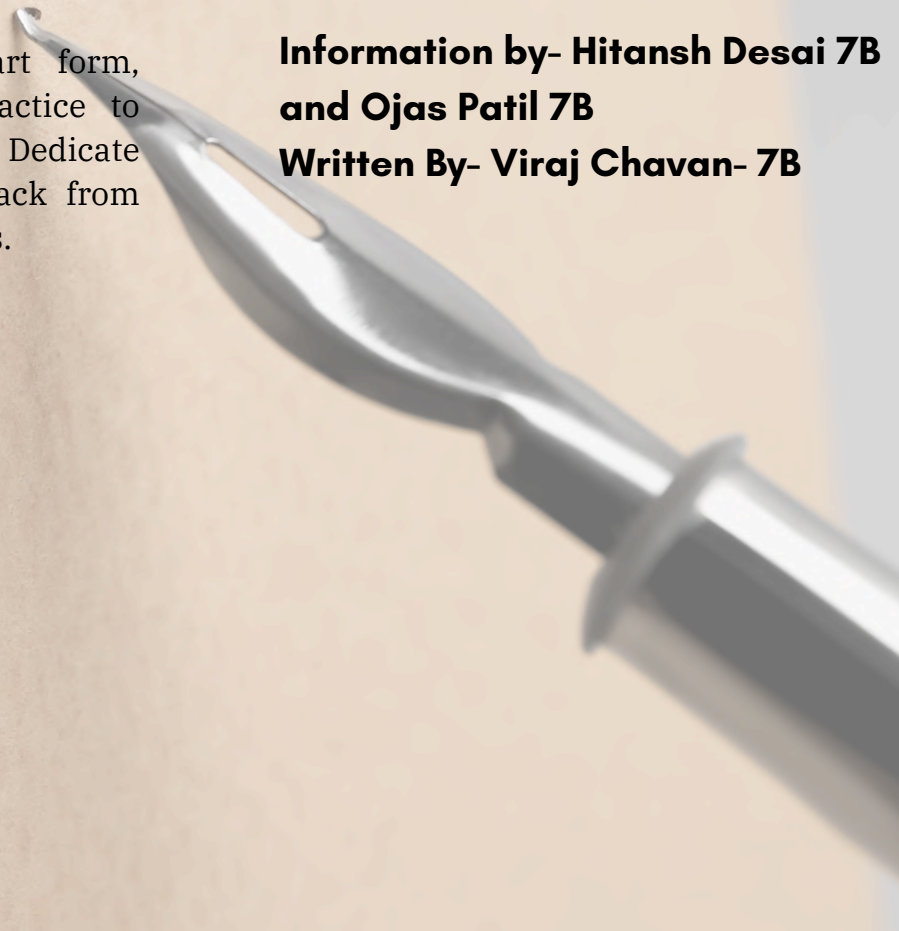

**Load the Brush:** Dip the brush into the ink or pigment. Avoid overloading the brush, as this can result in blotchy and uneven strokes.

**Control the Pressure:** The pressure you apply to the brush determines the thickness of the strokes. Light pressure creates thin lines, while heavy pressure creates thick lines. Experiment with different pressures to create contrast and variation in your composition.

**Master the Basic Strokes:** Calligraphy painting is built on a set of fundamental brush strokes. These include horizontal strokes, vertical strokes, diagonal strokes, and curved strokes. Practice these basic strokes to build your brush control and muscle memory.

**Create Letters or Characters:** Once you are comfortable with the basic strokes, start composing letters, characters, or words. Pay close attention to the sequence and direction of your strokes, as this is crucial for creating authentic calligraphy.

**"Maintain Consistency:** Consistency in stroke width, spacing, and angle is important for achieving an aesthetically pleasing composition. Practice and patience are key to achieving this consistency.

**Experiment with Composition:** Calligraphy painting allows for artistic expression. Experiment with different layouts, compositions, and colour choices to create visually appealing and meaningful artworks. Add Flourishes and Decorations: Enhance your calligraphy painting with decorative elements like flourishes, ornaments, or borders to give your artwork a unique and artistic touch.

**Practice Regularly:** Like any art form, calligraphy painting requires practice to improve and refine your skills. Dedicate time to practice and seek feedback from experienced calligraphers or artists.

**Allow for Creativity:** While mastering traditional calligraphy rules is essential, do not be afraid to break them and infuse your own creativity into your work. Calligraphy painting is a blend of tradition and self-expression.

Calligraphy painting is a skill that takes time to develop, but it can be incredibly rewarding. With patience and practice, you can create stunning artworks that combine the elegance of calligraphy with the visual beauty of painting.

# My Best Friend & I

My best friend and I always stay  
together,  
He cares about me and I take care of  
him better.  
When he doesn't come, I feel sad,  
When he comes I am glad.

We eat together we play together,  
My best friend and I look forward to  
meeting each other.  
Whoever sees us they say,  
Both of you look good together.

**ADVIK ARSH**

# आई

एका आई कोणालातरी आयुष्य देते. ती एका बाळाला जन्म देते. प्राण देते. तिच्यामुळेच या पृथ्वीवरची मुले मोठी होतात त्यांना शिक्षण मिळते. पण जर का कोणाला आई नसेल तर त्या मुलाचं काय? म्हणून देवाला प्रार्थना आहे की सगळ्यांना आई मिळू दे. एक आई आपल्या बाळाची सारखी काळजी घेत असते. ती आपल्या बाळावर प्रेम करते. ती आपल्या बाळासाठी काहीही करण्यास तयार असते परंतु तिचे जगणे खूप कठीण असते. ती आपल्या बाळाची काळजी घेते परंतु स्वतःची कधीच काळजी घेत नाही.

# My Grandmother's spectacles

Where are those..? Oh! Where are those?

They were right here, sitting on my nose!

Where have they gone now?

Where have they gone now?

Asked Grandmamma.

She looked so worried, that I came running,

To look for those glasses which looked so stunning!

I looked under the chair,

I looked through her curly hair,

I looked behind the door,

I looked everywhere on the floor.

At last, I was tired and I sat on the couch,

And that's when I heard it crack – ouch ,ouch ,ouch!

# "How Books Can Rescue from Phone Addiction"

An imaginary world of fantasy,  
Moving me against gravity.  
I wonder where I land,  
Once I have it in my hand.  
I forgot when it started,  
I don't feel like ending it.  
I feel Trapped in!!  
Unable to breathe in!  
A savior in the light,  
Made me feel bright.  
Thanks to my teacher  
Who made me feel right.  
She made me Jump high  
As now I found my sky - "*The Books*"  
No beeping tones, no flashing light.  
In the quiet of a book's embrace,  
I found my path, my breathing space.  
Empyreanites Reading program,  
Taking us away from spam.  
With books, oh, books, the rescue's near,  
From phone's addiction grip, you'll clear.

KENISHA KARTHIK

# Islands of Thought

I think it is time to transport my thoughts to  
a different island  
Mine is sinking under the weight of all my  
own demands  
The Poison tree roots are much too tangled  
in the soil  
Choking the life out of every new sapling  
that uncoils.  
The waves of doubt weather the weakest  
rocks  
My crawling insecurities scream louder  
than the seagull flocks  
Even the palms waver in the winds that  
whisper a fear of being unloved.  
I've got to get out before I get succumbed  
I'm going to search for a new abode  
Before the sea swallows it whole  
A calmer sky, a stable ground  
A concrete house with paint on the walls  
A record that plays a constant sound  
Sealed windows that keep the bad weather  
out.

Metaphorical poetry  
By Sanvi Galav.

# Teachers' Corner

# The Journey of Food

Brush brush brush your teeth, brush them all around  
keep your teeth clean and shiny

Sing it out loud

Incisors are the scissors they help to cut your food  
Canines are the pointy ones they help to tear the food

Pre- molars and molars crush your food down

This is the first step that happens in your mouth

Food mixes with saliva and moves down

Food pipe or oesophagus call it what you want...

Food is churned in your stomach

digestive juices added too

Food is now semi liquid

And ready to pass through

Pancreas and liver make the juices too

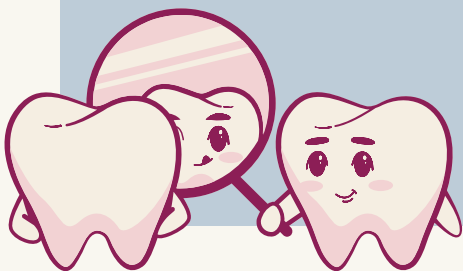

Small and large intestine are the long tubes

Small intestine absorbs all the nutrients of the food

Large intestine absorbs water from the food

Anus is the opening that throws the leftover out

This is what is digestion all about....

**Sarbans Kaur Sehni**

# THE SETTING SUN

Have you ever witnessed the setting Sun?

As it drowns itself in the horizon?

It reminds me of the day to come

Of the toil to begin, the hardships to rise.

Have you ever witnessed the setting Sun?

Scattering its colourful grandeur in the horizon?

It reminds me of the battles fought and lost,

The last one standing defeated and overwrought.

Have you ever witnessed the setting Sun?

When it makes its last attempt to leave?

It reminds me of the bitter-sweet farewells

Of the long-gone memories and partial tales.

Have you ever witnessed the setting Sun?

When it says its goodbye to you?

It reminds me that it will rise again

It will come in its glory; I will have to wait.

Its vibrant colours remind me to hope

For the day ahead may full of rejection

But the setting Sun teaches us patience

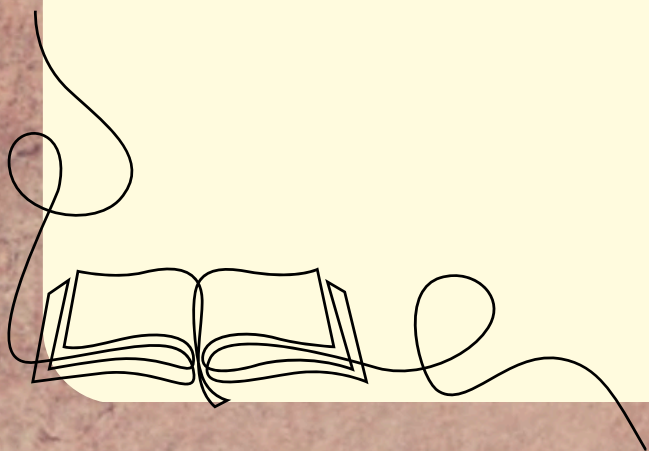

When you witness it dipping into the horizon.

Shrayasi Chakraborti

# Clubs

# HOME AND HEARTH CLUB

The Home And Hearth Club has been an inspiring hub of creativity and a platform for students to explore their artistic talents. This extracurricular activity has not only adorned our school with beautiful decor but has also enriched the lives of its members by imparting valuable skills and fostering a sense of community.

Students have developed a keen eye for design and aesthetics. They have learned to work with colors, patterns, and materials to create harmonious and visually appealing decor. These skills are not only valuable in the world of home decor but also help have skills in various other artistic pursuits.

Through group projects, club members have learned the importance of collaboration and teamwork. They have honed their communication skills, resolved conflicts, and worked together cohesively to bring their ideas to life.

Balancing schoolwork with club activities has taught students valuable time management skills. They have learned to prioritize tasks, meet deadlines, and allocate their time effectively.

Some students have taken on leadership roles within the club, where they have exhibited prowess in planning and executing projects, delegating tasks, and inspiring their peers.

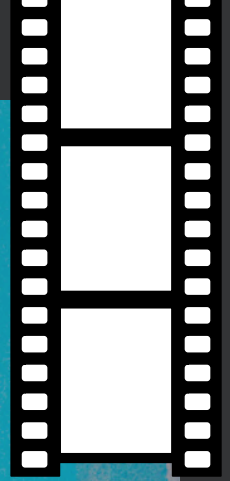

These experiences have nurtured their leadership potential. Club members take immense pride in their contributions to the school and community. Their work has instilled a sense of belonging and responsibility, creating a positive impact on their overall school experience.

The Home And Hearth Club is a shining example of how extracurricular activities can enrich students' lives. Through their achievements they have gained valuable skills and life experiences that will serve them well in their future endeavours. This club stands as a testament to the power of creativity, teamwork, and community involvement in education.

# The Framework Club

"The Framework club is where the magic of storytelling comes to life, where aspiring directors and actors discover their true potential on the stage of creativity."

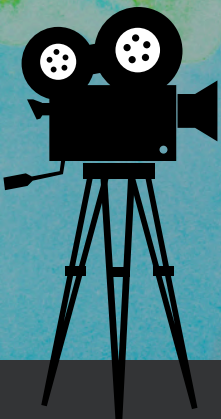

The Framework club at our school is a dynamic student-led club dedicated to honing the art of both directing and acting. Founded with a passion for the performing arts, the club offers a platform for aspiring directors and actors to collaborate, learn, and showcase their talents.

The members participate in workshops, rehearsals, and performances, gaining valuable insights into the nuances of drama. This immersive experience allows students to develop their creativity, communication, and leadership skills. The club's mission is to innovate and create originals, captivate audiences and highlight the immense talent within our school community.

In essence, the Framework club is a vibrant hub for nurturing acting talents and fostering a deep appreciation for the performing arts among students.

# Artistic Graphic Club

## Overview & Beginning

The Artistic Graphic Club began a year before its official launch when three friends, Arnav, Mitul, and Yadukrishnan, then in Grade 8, needed to create impactful PowerPoint presentations for school projects.

Their quest for graphic design and video editing skills gave birth to the club, igniting a passion for creativity among its members.

## Features & Accomplishments

**Active Participation:** Over the past three weeks, we've witnessed a surge in enthusiastic participation. The growing interest in graphic design within our school community has been heartening, with an increasing number of students eager to unlock their creative potential through our club.

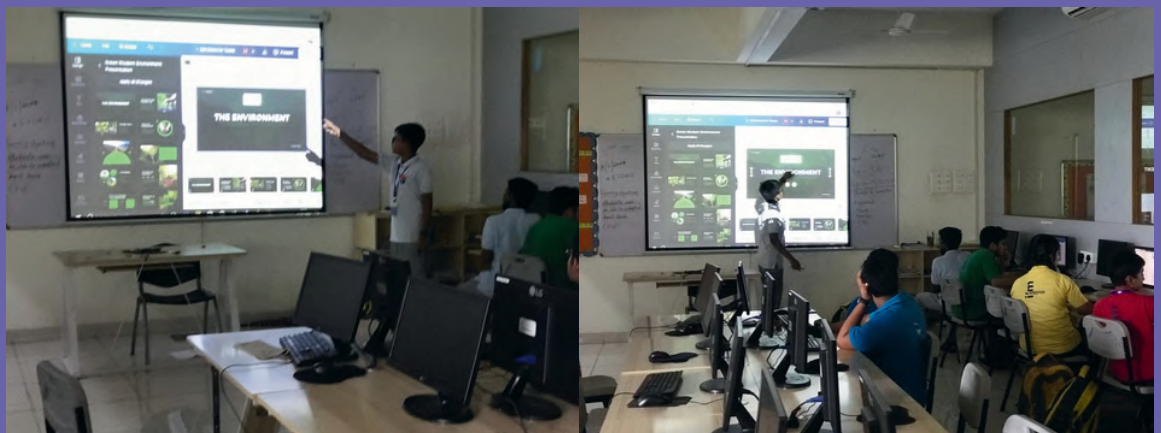

**Digital Dominance:** Artistic Graphic Club is among the first school clubs to embrace the digital world. Our online presence is impressive, featuring an active website and a well-organized Google Drive at the heart of our digital operations.

# OUR MEMBERS

Inspiring Activities: Our weekly workshops have been nothing short of inspiring. These hands-on sessions have provided our friends with invaluable opportunities to nurture and develop their designing skills. From designing logos till making the presentations for Elysian, we have come across a long way along

# OUR MEETINGS

# CONCLUSION

As we embrace the digital age within the walls of our school, the Artistic Graphic Club's online presence serves as an inspiration and a benchmark for other clubs. Our active website and well-organized Google Drive not only enhance our club's capabilities but also set a high standard for excellence within our school. We believe that our digital journey is just the beginning, and we look forward to continuing to elevate our creative endeavors, leaving a lasting mark on our school's artistic landscape.

# Interhouse Competitions

“Competition inspires students to excel, not to defeat others. The best kind of competition is one that fosters collaboration and personal growth.”

The various interhouse competitions conducted in Empyrean School in 2023-24 provided students a platform to learn, grow, support each other, and broaden their horizons.

We witnessed Empyreanites, showcasing their talents and abilities in various fields from academics to performing arts, visual art, and beyond. To promote sustainable development as a pathway to the future, competitions like sustainable fashion and jewellery making were organized this year.

Students, through their remarkable work, highlighted how sustainability is about recognizing that the choices we make today impact the world we leave for future generations. The tattoo making competition was another such impactful event that combined artistry with messages of sustainability and well-being.

Their boundless creativity reminded us of the importance of nurturing and encouraging their imaginative spirits of young minds through competitions like these.

# Special Days

# PRE- PRIMARY CORNER

## *Back to School*

Empyrean School warmly welcomed all the students after their refreshing break, setting the tone for a day filled with enthusiasm and vitality.

The little ones entered the school with radiating brightness and happiness, ready to embark on a joyful learning experience. Reuniting and engaging with their teacher and friends further fuelled their energy, ensuring a vibrant start.

The campus hummed with excitement as students eagerly embraced a diverse range of captivating activities, a well-structured curriculum, and the promise of enjoyable days ahead.

An array of educational activities were organized for the students, creating an atmosphere of magnificent knowledge and erudition.

Together, teachers and students created wonderful moments, setting the stage for the upcoming session.

## *Little Steps exploring School*

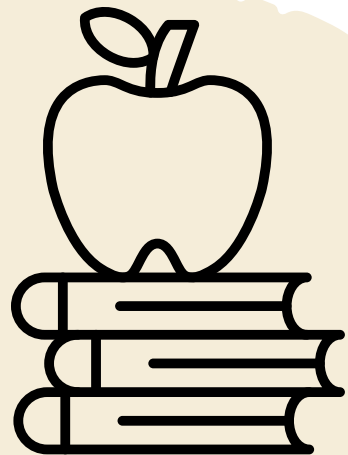

Excitement abounded as the little ones eagerly gathered for a special tour of school.

The purpose of the tour was to take the children on an enthralling journey through different areas of Emphyrean school to get acquainted with their surroundings and fostering a deeper appreciation for their learning environment.

Kids formed a train and walked through the colourful corridors, which were adorned with exquisitely vibrant welcome boards made by teachers of the school. Their young eyes gleamed with wonder and delight as they gazed at the bright colours and intriguing displays that enveloped them.

The students started from the reception area and then they moved towards the Principal's office. They also visited various other rooms including the, Music room, Library, Kaleidoscope and the IT lab. They even visited the playground and eagerly absorbed everything they saw and heard. The tour was not just a fun and exciting experience but it was also profoundly educational. Overall, it was an extraordinary experience for the young students, providing them with a sense of familiarity and comfort in their own school environment.

# Conquer the Fear-Role play

*"I hear and I forget, I see and I remember, I do and I understand" – Confucius*

It is rightly said that learning is a product of the activities of learners. Thus, to help the students gain experience, conquer fear, and foster creativity and communication skills, the students of Pre Primary were given a number of opportunity to showcase their presentation skills through various activities which provided the platform to learn while having fun and experience joyful learning loaded with a lot of confidence.

*Colours symbolize life, optimism, and happiness.*

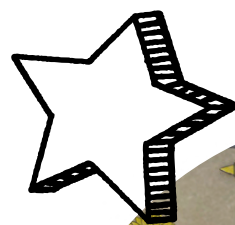

Our world is filled with colours. A very important part of learning during Kindergarten years is identification and recognition of colours.

"Fun days with colours" were celebrated for the students of Nursery starting with primary colours and followed by secondary colours.

Classrooms were decorated with various attractive objects, toys and real things based on colour. Different activities were planned to enable the children to experiment with wide range of activities. Teachers and children spoke about colours during class time and they sang rhymes on colours.

It was an excellent learning experience for children, which will surely help in enhance their visual discrimination.

## *Me & My Body*

'Me & My Body' theme was an excellent channel to make the tiny tots learn about our body and understand its importance.

The tiny tots of Nursery learnt about body awareness. One step ahead the Junior KG students had an insight about sensory organs and their functions. The big boys and girls of Senior KG got acquainted with more complex functioning of internal body organs like heart, lungs and so on.

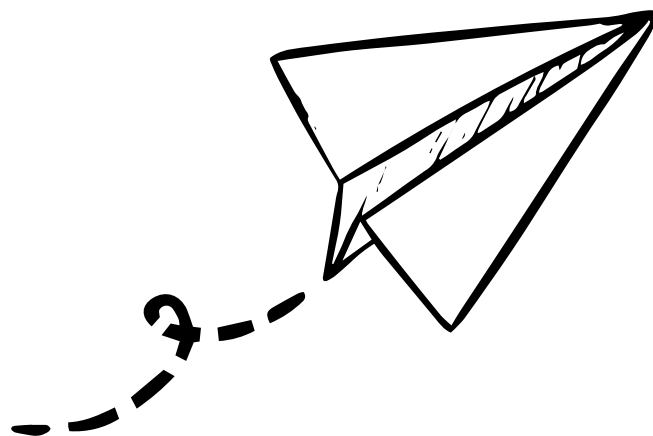

Activities like memory game, science experiment showing the uniqueness of fingerprints and creative activities like hand prints and sensory booths helped the little ones to know about their body, maintain proper hygiene, develop proper eating habits and understand the difference between nutritious meals and junk food.

## *Little Farmers on the go!!*

Our little farmers of Junior KG showcased the importance of farmers in the world on the special day-'Little farmers on the GO!!!'

Dressed in the attire, the little ones role modelled the farmers by watering the miniature field and took care of the artificial farm animals kept in the barn. They also enjoyed the scare crow making activity. It was truly an enriching day with lot of fun activities.....keeping our little ones always on a go!!!

## Chef Daddy & Me

The little ones of Junior KG wing of Pre Primary section teamed up with their dads in an amazing salad dressing competition-‘Chef Daddy & Me’ organised by the school. Dad’s and kiddos tried their level best to dress up a tasty, nutritious salad with a beautiful décor.

Games, quiz session on iconic advertisement added fun element to the event, it felt as if time had reversed its cycle and taken the fathers back into their childhood.

It was truly a mesmerizing event of memories to be treasured for life.

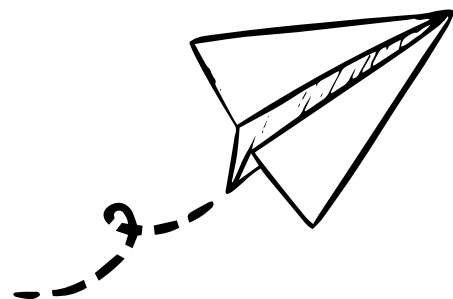

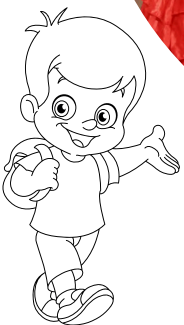

## World Fest

The multi-cultural mega event ‘World Fest’, held for the students of Senior KG was a spectacular celebration that showcased the unity we have in our cultural diversity.

The stage was set with an objective to cultivate and nurture the idea of one world in minds of young students and to spread the message of saving our world.

It was like witnessing the whole world on one stage.

The spectacular performance by the Emyrean cherubs conquered the hearts of each and every one present for the Fest.

# SCHOOL ACHIEVEMENTS

"Innovation in education is the key to unlocking the boundless potential of our future generations. Congratulations, Team Empyrean, for your pioneering spirit in adopting innovative teaching methods and shaping a brighter tomorrow."

Team Empyrean received the prestigious India K-12 Award for 'Adopting Innovative Teaching Methods.' The dedication to revolutionize education and the commitment in implementing creative and effective teaching techniques have not only set the team apart but has also positively impacted the students. This recognition is well-deserved, and the innovative approach to teaching is a shining example for others to follow. Keep up the excellent work!

Ms. Shilpa Rana is a beacon of inspiration for many. Her unwavering dedication, innovative teaching methods, and tireless commitment to her students makes her truly deserving of the 'Best Teacher Award'. With her passion for imparting knowledge and nurturing young minds, she has positively impacted countless lives.

Ms. Rana's exceptional teaching skills embody the essence of excellence in education, and her contributions are commendable and invaluable. She was bestowed with the, 'The Best Teacher Award' at the Vidhyaiva Sarvadhanam, 2023 event, organised on account of National Teacher's Day.

**“Success is not the result of a single victory, but a series of winning streaks fuelled by determination and continuous improvement.”**

Team Empyrean registered a phenomenal win at the “Thane Football Geek” Championship, which was held on 9th July, 2023. The U12 tournament, we were the 1st Runner Up.

Team Empyrean further showcased its winning streak at Decathlon football championship held on 29th July, 2023. Congratulations to our incredible football team! Your dedication, teamwork, and unwavering spirit have made us proud. 'Victory belongs to those who believe in it the most,' and you've proven that with every game. Your triumph is a testament to your hard work. Well done, champions!

The background is a vibrant, abstract geometric pattern composed of numerous overlapping triangles in various shades of orange, red, yellow, and blue. In the center, there is a large, rounded rectangle with a semi-transparent, muted blue-grey fill. The word "Initiatives" is centered within this rectangle in a bold, dark blue, sans-serif font.

# **Initiatives**

# Parent Led Clubs

Congratulations on the launch of the first-ever Parent-led club initiative! This is a monumental moment, and your dedication and determination have paved the way for an incredible venture. In the words of Margaret Mead, "Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it's the only thing that ever has." Your collective efforts embody this sentiment, proving that parents coming together can make a significant difference.

Your commitment to participating in this initiative speaks volumes about your passion for building a better community and enriching the lives of our children. This pioneering spirit sets a powerful example for everyone, demonstrating the importance of community involvement and collaboration.

As you embark on this journey, remember that every step you take is a stride toward positive change and a brighter future. Keep up the fantastic work, and may this initiative continue to flourish, benefiting all who are part of it.

Congratulations on this remarkable achievement!

# League Match

Congratulations to all the parents who participated in the Empyrean Parents Premier League. It's heartwarming to see your dedication and enthusiasm on the field. Your commitment to the game and to fostering a sense of community is truly inspiring.

As the famous football coach Vince Lombardi once said, "Individual commitment to a group effort—that is what makes a team work, a company work, a society work, a civilization work." In this case, your commitment to the Empyrean Parents football club team has not only strengthened the bonds within the group but also set a remarkable example for your children.

Your efforts remind us that it is always beautiful to embrace the spirit of teamwork, sportsmanship, and camaraderie. Keep the passion alive and continue to lead by example. The skills you have honed on the field and the friendships you have forged will undoubtedly have a lasting impact. Congratulations once again on this fantastic achievement!

# Editorial Desk

*Dear readers,*

*Welcome to another exciting edition of Pegasus Magazine, where we showcase the creative brilliance of our talented writers and the unparalleled platform that supports them. This issue marks a significant milestone for us as we celebrate not only the incredible work of our contributors but also the enduring spirit of artistic expression that defines our magazine.*

*In this issue, our writers have delved into the depths of their imaginations and poured their hearts and souls into their creations. We have a treasure trove of literary gems waiting for you to discover.*

*At Pegasus, our mission has always been to foster creativity and promote the art of storytelling. We believe in the power of literature to connect people, inspire change, and spark conversations. Our platform is a haven for writers, both seasoned and emerging, to share their stories, ideas, and experiences.*

*As we celebrate our writers and our platform, we invite you, our cherished readers, to immerse yourselves in the pages of this issue. Join us in celebrating the magic of words and art.*

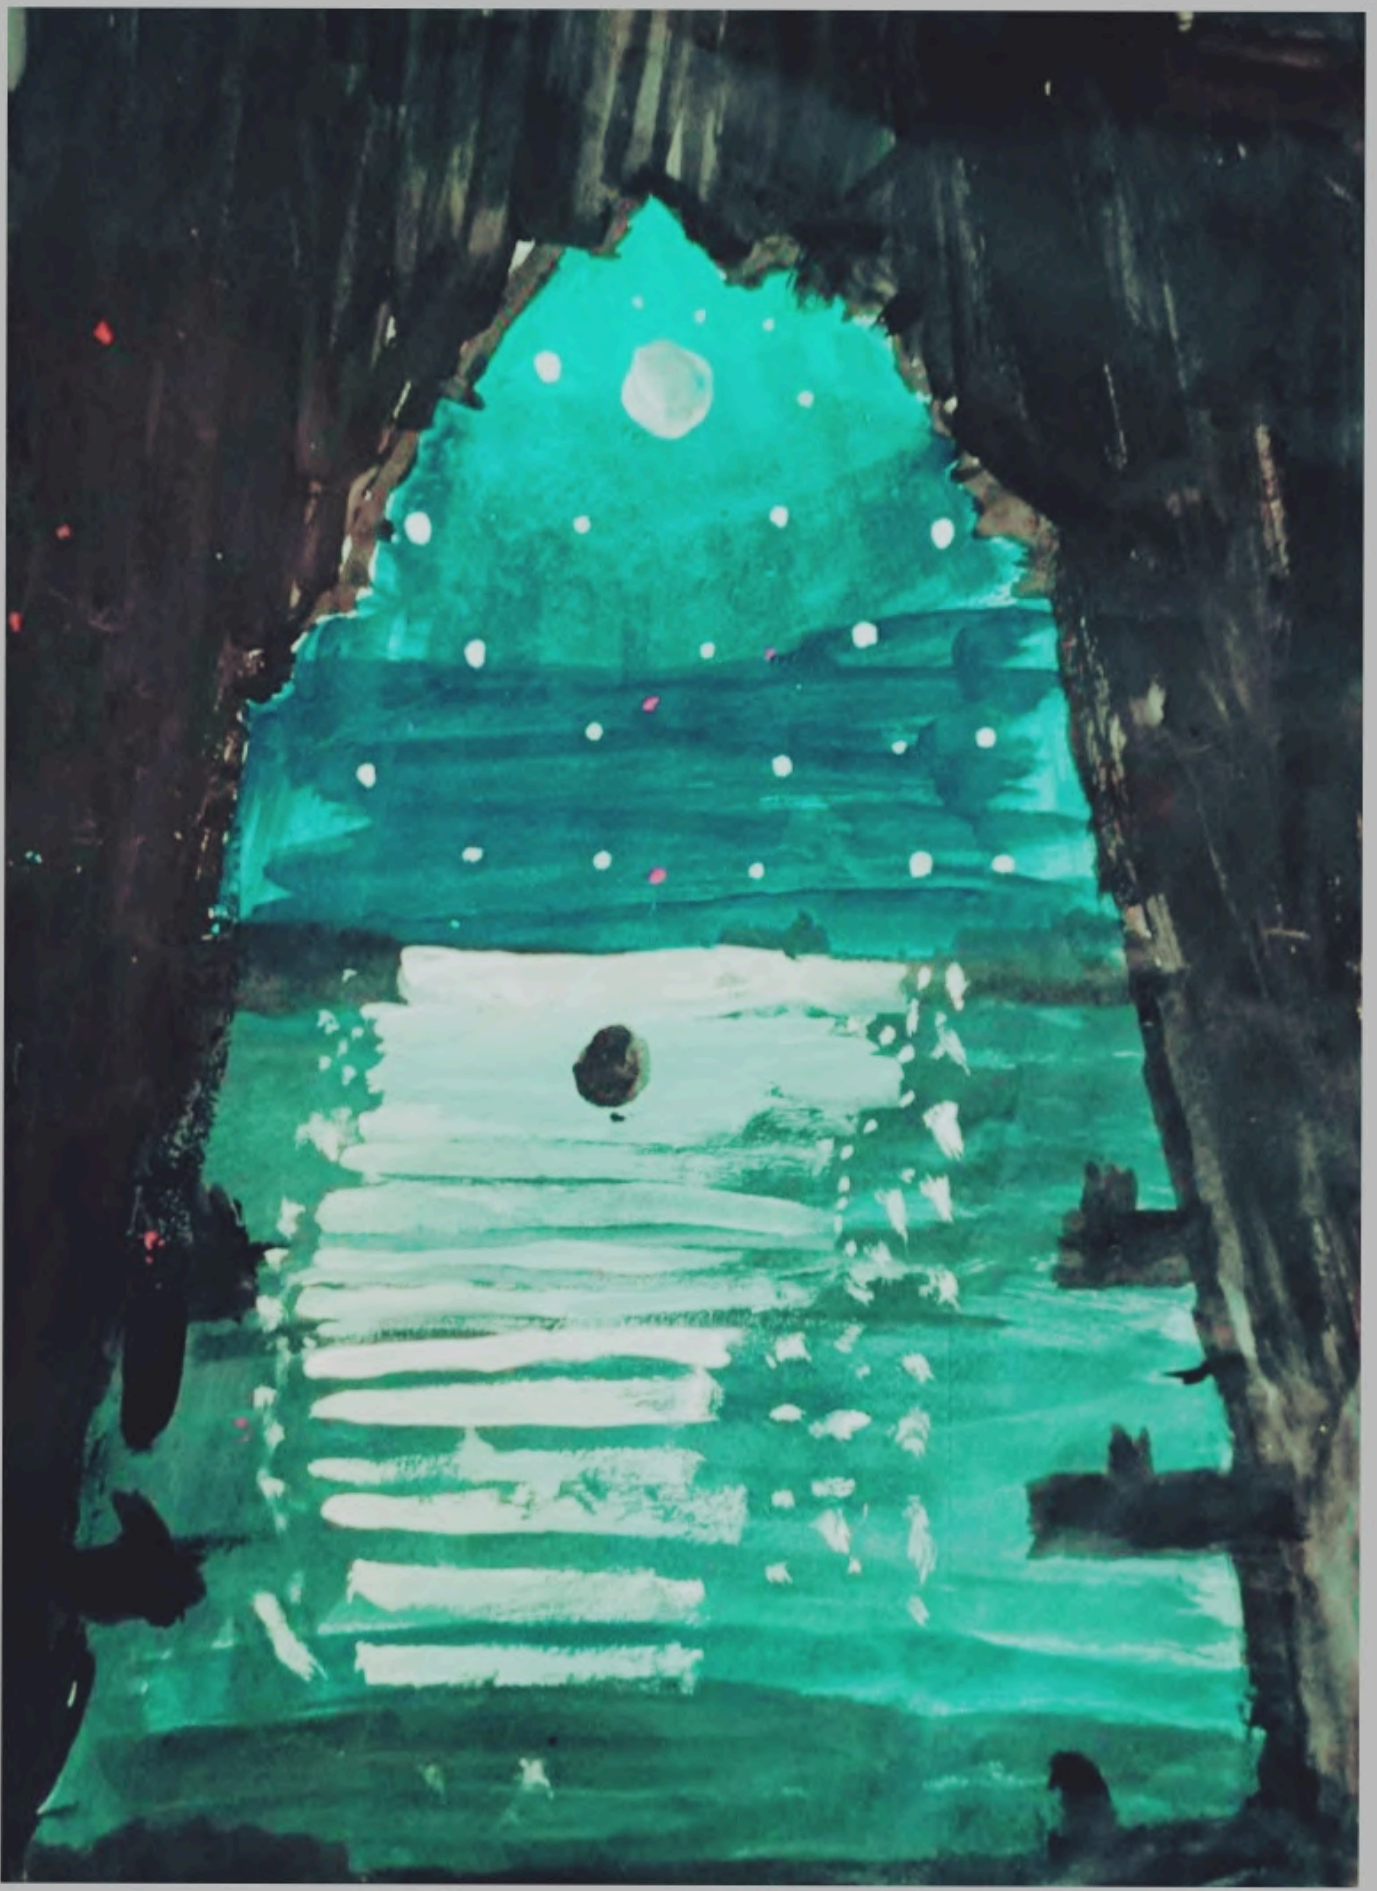

*Thank you for being a part of the Pegasus community. Your support fuels our passion, and we look forward to continuing this incredible literary journey with you.*

*Warm regards,*

*Team Pegasus .*
